Jersey	Wednesday, September 1 10 AM	Sunday, September 5 10 AM	Lynn Lee Smyrna, TN	Monday, September 6 8 PM

Dairy Youth Showmanship: Friday, September 3 @ 4PM

DAIRY CATTLE POLICIES

1. The Purebred Dairy Cattle Association Show Ring Code of Ethics will be enforced. Violations will be reported to respective breed associations and can result in animals or exhibitors barred from showing in their respective breed shows. *(See below)*
2. The findings of the official veterinarian as to whether or not any animal has been improperly tampered with shall be final.
3. Barn space will be assigned based upon number of head shown, not number of head entered. Additional space for farm exhibits needs to be noted on the entry form and will be considered if there is room.
4. All animals shown in group sections must have been entered and shown as individuals. Group entries must be made at same time as individual entries.
5. The Dairy Superintendent has sole discretion as to the capacity of the barn.
6. Any exhibitor chosen after placement for cattle udder ultrasound examination that does not comply with said request, will forfeit placement and premiums. After such, a warning will be provided, and if upon a second occurrence, the Oregon State Fair reserves the right to banishment of Exhibitor from the Show.
7. The association of a sanctioned show will have final governance in determining their Premier Breeder and Premier Exhibitor.

The Purebred Dairy Cattle Association Show Ring Code of Ethics *Adopted May 5, 2015*

The showing of registered dairy cattle stimulates and sustains interest in the breeding of registered dairy cattle. It is also an important part of the promotion, merchandising and breeding program of many breeders. For these reasons, the Purebred Dairy Cattle Association (PDCA) believes that it is in the best interest of all breeders of registered dairy cattle to maintain a reputation of integrity in dairy cattle shows and to present a wholesome and progressive image of dairy cattle in the show ring.

PDCA endorses this Show Ring Code of Ethics for all dairy breed shows and pledges its full cooperative support for its enforcement to show management, show judges, and the national breed associations.

The application of this Code of Ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this Code of Ethics. Dairy cattle exhibitors shall, at all times, deport themselves with honesty and good sportsmanship.

It is recognized that there are certain practices in the proper care and management of dairy cattle that are necessary in the course of moving dairy cattle to and between shows that are advisable to keep them in a sound, healthy state so they might be presented in the show ring in a natural, normal condition. At all times, exhibition livestock shall be treated in a humane manner and in accordance with dairy quality assurance practices so as to protect the health, safety and welfare of the livestock and the consuming public. No person shall present for exhibition or exhibit an animal which he or she knows, or has reason to suspect, is affected with or has been exposed to a dangerously contagious or infectious disease, or illegal or nonapproved use of drugs, medication and/or prohibited substance, or residue.

The position of the Purebred Dairy Cattle Association is that all animals presented for exhibition shall be in their natural conformation and structure, free of any alteration or modification by injection or internal or external administration of any substance or by any involvement in unethical fitting.

Grooming and Preparation

Dairy cattle exhibitions are conducted under standards for evaluating conformation established by the PDCA *Unified Score Card* (2009), with specific breed characteristics taken into consideration by the show judge. In this connection, animals will be groomed and prepared for the judge's evaluation in order to display the animal's natural contour, conformation, performance and mobility. Specifically:

1. Changing the natural color of the animal is prohibited (*effective 6/1/2015*). However, external applications of cosmetics that affect only appearance may be used, including by way of example hoof polishes and false switches.
2. The maximum allowable length of naturally growing hair anywhere on the topline is not to exceed 1". Exhibitors will be required to comply with this rule before the animal is allowed to enter the ring.
3. Addition of foreign objects, including but not limited to hair or hair substitutes, cloth or fiber, to change the natural contour or appearance of the animal's body is prohibited.
4. Externally sealing the teat end with a preparation that does not harm the animal's skin is permissible. Natural teat placement will be given preference over artificially positioned teats.

Violations: False, Deceptive or Unacceptable Practices

These practices are violations of the Code of Ethics and will be reported to show management and may be reported to the respective national breed associations:

1. Misrepresenting the age and/or milking status of the animal for the class in which it is shown.
2. Treating the animal, particularly the udder, internally or externally:
 - a. with an irritant or counter-irritant,
 - b. using a device to artificially create or enhance the udder crease,
 - c. using other substances as detected by testing that causes changes in the udder to artificially improve the conformation.
 - d. plugging of teat canal with foreign substances.
3. Surgical or unethical insertion of any matter under the skin or into body cavities, performed to change the natural contour or appearance of the animal's body (e.g., administration of fluid via a stomach tube or other similar apparatus to fill the rumen), though not to preclude practices required or involved in normal management.
4. Criticizing or interfering with the judge, show management or other exhibitors while in the show ring or other conduct detrimental to the breed or the show.
5. Challenging, threatening or interfering with an ethics committee appointed by show management to monitor the animals on exhibit on the show grounds.

Exhibitor Responsibility

The act of entering an animal in a livestock show is the giving of consent by the owner, exhibitor, fitter and/or absolutely responsible person (hereinafter referred to as "Exhibitor") for show management to obtain any specimens of urine, saliva, blood, milk, or other substances from the animal to be used in testing. Materials may also be collected by ultrasound and photographic methods and by direct examination of animal.

The act of entering an animal is the giving of consent by the owner, exhibitor, fitter and/or absolutely responsible person (the "Exhibitor") to have disciplinary action for violation of this Show Ring Code of Ethics taken by show management, the state in which the show occurs, and/or the national dairy breed association without recourse.

Show Ethics Committee

Each show should have an Ethics Committee. The make-up of this committee should include official breed representatives, representative(s) of show management (e.g., dairy cattle show superintendent, General Manager), the official show veterinarian, and Extension representative.

The Ethics Committee will be responsible for monitoring violations of the Show Ring Code of Ethics. The Ethics Committee will investigate the report of any violation and determine the accuracy of the allegation. The Ethics Committee will have the authority to inspect animals and related material to determine if violations have occurred.

Violations: Reporting and Investigation

Complaints of alleged violations can be reported to the breed superintendent, the show superintendent, show management, and/or the Ethics Committee.

Before an Animal is Shown

If the Ethics Committee suspects that a violation of the Show Ring Code of Ethics will occur if the animal is shown, and that violation is reasonably well established before the animal is shown, the Ethics Committee will submit a report to show management.

Show management will discuss the violation with the Exhibitor:

1. If, at the Exhibitor's discretion, the animal in question is not shown, no violation will have occurred.
2. If the Exhibitor wishes to challenge that a violation occurred, he/she/they will have opportunity to appeal to the Ethics Committee. If its decision is not changed, the Exhibitor will be denied opportunity to exhibit the animal in question.

During and After an Animal is Shown

All animals are subject to examination during judging. The judge and Ethics Committee are instructed to examine the top five (5) animals in each class closely for violations of the Show Ring Code of Ethics. When a violation may have occurred, a milkout may be called for. This call may be by breed association rule, or by request of an authorized representative of the national breed association, the judge, the Ethics Committee, or show management.

If an animal is exhibited and a violation of the Show Ring Code of Ethics is subsequently suspected, investigated, and determined to have occurred, the violation will be reported to the Ethics Committee and show management for action. The Exhibitor will be notified of the violation and the supporting evidence and invited to defend or explain the allegations.

Violations are subject to the disciplinary provisions of show management, the state in which the show occurs, and the national dairy breed association. Sanctions may include any one, or combination of the following:

- forfeiture or return of awards, prizes, premiums or proceeds;
- written letter of reprimand to the owner, exhibitor, fitter and/or absolutely responsible person (the "Exhibitor");
- disqualification of the exhibition livestock from an exhibition;
- disqualification of the Exhibitor from the show;
- publication of offense.

Disqualification may include any or all shows and classes and may be for any number of years.

MILKING PARLOR PROCEDURES

A milking parlor is available in the Forster Livestock Pavilion for exhibitors with lactating cows. This parlor is an outstanding facility for presenting to the milk consuming public the story of clean, wholesome milk production.

CHS Nutrition has generously donated grain for use in the parlor only.

All milking will be subject to rules and regulations as established by the State Department of Agriculture and the Oregon State Fair. Milking will begin in the afternoon/evening on Thursday, August 26, 2021, and will continue until Tuesday, September 7, 2021, at the early morning milking.

All owners of animals being milked in the milking parlor will be required to sign a statement verifying that milking animals are free of any contaminated antibiotic. All animals will be subject to an individual milk sample test, and a daily sample of milk will be taken from the bulk tanks to test for any impurities in the milk.

Exhibitors are required to dispose of milk properly or may risk additional service and support charges for additional cleaning and or repair of damages. Milk may be properly disposed within the dairy parlor through access from the dairy superintendent. Any person or group violating a division rule shall be requested to promptly leave OSFEC property. Failure to leave promptly shall be considered trespass and may result in future show privileges at the Oregon State Fair being revoked.

First and Second Place Rosettes will be awarded to the cows with the highest production regardless of standing in the class. A Grand Champion Production Rosette will be awarded to the cow with the highest production within each breed.

Production figured on basis of official 305 days actual production of 4% fat corrected milk. These records will be figured on a Mature Equivalent for the Grand Champion production.

DAIRY CATTLE HERDSMEN AWARDS

PLACING	1	2	3
PREMIUMS	\$200	\$140	\$80

HERDSMANSHIP SCORECARD

I.	Preparation of the Exhibit	40%
	a. Adequate, clean, bright bedding.....	15%
	b. Animals attractively spaced in pens.....	10%
	c. Decorative, attractive and educational display utilizing Fair theme.....	15%
II.	Appearance and Attitude of Exhibitors	15%
	a. Knowledgeable, courteous, friendly, able to answer questions about exhibit.....	10%
	b. Exhibitor must be neat and clean, appropriately dressed	5%
III.	Care of the Exhibit.....	45%
	a. Animals clean, groomed, clipped (before show), feet trimmed before arrival.....	15%
	b. Aisles kept neat and clean.....	10%
	c. Attractive, organized feeders and feed equipment.....	10%
	d. Feed and equipment stored neatly when not in use, out of sight if possible, and kept clean	10%
	TOTAL	100%

All exhibits will be inspected daily during the Fair and scored on condition of animals, cleanliness of stalls and aisles, particular attention being given to neatness and orderliness of area used for tack and equipment. Sportsmanship and cooperation of the exhibitor will be taken into consideration.

PREMIER EXHIBITOR AND BREEDER AWARDS

PREMIER EXHIBITOR AWARD — This award is given to the exhibitor accumulating **the most points** on not to exceed six (6) animals, owned and exhibited by himself in the open single sections, not including the best udder cow sections. **Rosette to First Place.**

PREMIER BREEDER AWARD — This award is given to the breeder, on not to exceed six (6) animals, accumulating **the most points** in the open single sections, exhibited by himself and/or other exhibitors. **Rosette to First Place.**

2021 WESTERN NATIONAL OPEN JERSEY SHOW

PREMIER BREEDER & EXHIBITOR RULES:

Premier Breeder:

The registered owner of the dam at the time of service shall be considered the breeder of the animal. Where a herd is registered in the names of different members of a family and where the herd is one unit, all entries may be considered as exhibits of one breeder.

The exhibitor winning the most points (for a maximum of 6 animals exhibited in the open single classes by him/herself and/or other exhibitors) shall be designated the Premier Breeder. In classes with ten or less animals, no more than two head per breeder will be counted toward premier points.

Premier Exhibitor:

The exhibitor must be the owner. In case a herd is registered or bred in the names of different members of a family, residing on one farm or breeding establishment, and where the herd is one unit, all entries may be considered as a single exhibitor for all group classes. However, members of one family, where cattle are not housed as one unit, will not be considered as a single exhibitor.

The exhibitor winning the most points (for a maximum of 6 animals which he/she owns and exhibits in the open single classes) shall be designated with the Premier Exhibitor. One bull permitted. In classes with ten or less animals, no more than two head per exhibitor will be counted toward premier points.

GREAT WESTERN JERSEY FUTURITY
Held in conjunction with the
WESTERN NATIONAL JERSEY SHOW

To be eligible animals must have been entered with the Futurity Secretary.

The futurity will be shown between the Senior Two Year Old class and the Junior Three Year Old class.

The purse money will be divided as follows:

1st Place – 33% of the purse

2nd & 3rd Place – will split 33% of the purse

The remainder of the class will share the balance of the purse

The exhibitor of the first place animal in the futurity has the option of showing that animal in the correct age group class or competing directly for the Intermediate or Senior Champion depending on whether the animal is by age a Junior or Senior Three Year Old.

If the owner of the first place futurity winner chooses not to show in the age group class, the animals will be awarded first place points for Premier Breeder and/or Premier Exhibitor. If the owner chooses to show the animal in the age class, points will be given for what every placing the year in that class.

The following awards will be offered:

Futurity Winner – Eustis Model Cow Trophy

Highest placing entry owned & exhibited by a junior

Production Award: Based on 305 or less actual – highest protein record completed

The Futurity Committee requests that all showmen except juniors wear whites. Juniors are expected to wear the junior show t-shirt.

All correspondence regarding the futurity should be directed to:

Junior Jersey Show Rules:

Eligibility: Junior exhibitors no younger than six (6) years of age and no older than 20 years of age as of December 31, 2020, are eligible to exhibit in the Western National Junior Jersey Show.

Entries: All animals entered must be registered in the Herd Book of the American Jersey Cattle Association or the Canadian Jersey Cattle Club. The exhibitor must be listed as the recorded owner on the registration certificate, either: 1) as the sole owner, 2) in partnership or joint ownership. If joint owners have more than one eligible exhibitor, one owner must be declared as exhibitor at check in. In addition, animals that are part of a junior exhibitor's 4-H or FA project, but not registered in the exhibitor's name are eligible or the junior show. An affidavit clearly identifying the animal as a project animal and signed by either the exhibitor's 4-H leader or FFA advisor must be submitted at check in. Affidavits will be reviewed by the show clerk & show chairman to determine eligibility.

Participation: Animals must be shown by the junior exhibitor or another eligible junior member.

Entries: All junior show entries must be designated as such at the time of check-in. All junior show animals will pay the standard entry fee per animal as set by the Oregon State Fair. This provides that all junior show animals are eligible to show in the open division and to receive any premium moneys awarded there-in.

Classes: Junior show classes will follow the same order and age breaks as the open show classes with the removal of the 100,000 lb production cow class and the group classes.

Show Day: The individual junior show classes will enter the ring, be judged, placed, and awards given prior to the open division entries entering the show ring. The junior show animals will remain in the show ring and then be judged and placed for a second time against the open division animals.

Show Ring Dress Code: Junior exhibitors will wear the provided sponsored Junior Show T-shirts in all classes.

Premiums: Junior show premium awards will be paid through the Western National Jersey Show Committee.
